

MONTHLY NEWSLETTER

**SKILLS
IN-SIGHT**

Furniture and Fittings Skill Council's (FFSC) initiative provides insight into the skill ecosystem in short bytes and keeps stakeholders updated. The monthly update will share the significant activities and initiatives which the council has initiated in the month.

SUCCESS STORY

I got to know about this training through a brother. They told me that this training is very beneficial for youth and provides a great opportunity to learn new skills.

During the training, I learned many important skills such as production, QC, Pytha software, teamwork, time management, Excel, computer basics and how to face interviews confidently. I also got hands on experience with practical tasks related to the job field.

This training helped me improve my confidence and prepare well for job interviews. The knowledge and skills I gained made me job ready and the support from the trainers also helped me get placed in a good company.
